PREFACE

This Mission Coverage Index (MCI) furnishes a listing of items of intelligence interest covered by aerial photographic material from [redacted] Mission GRC 153, dated 3 Jun 1963 and made available to the US Government by [redacted] 25X1A 25X1C The listing provides the latest description based on photographic interpretation for each target covered by the mission, except for those targets in which no significant change was noted. Items in the listing are arranged by WAC area and, within the WAC area, by coordinates, reading from south to north and from west to east. An explanation of column headings and photo reference data used in presenting the information is contained in the appendix.

For convenience of the recipient, a subject index to the intelligence targets has been included following the listing. Targets in the subject index are listed by category and, within the category, alphabetically by place name.

The recipient of this MCI is cautioned that the scan of photography from Mission GRC 153 was accomplished in a relatively short time and often without the aid of precise analytical and mensural equipment commonly employed in detailed photographic analysis. Consequently, although the information presented herein is essentially accurate, additional detailed analysis may somewhat alter portions of the information.

Mission GRC 153 provided photographic coverage in China.
